RE: Seminar on Environmental Policy
September 12-13, 2019

The Seminar on Environmental Policy will take place in Burlington and Atlantic Counties on Thursday, September 12 and Friday, September 13, 2018. We will convene on Thursday, September 12 at 9:00 AM at the headquarters of the non-profit group, Pinelands Preservation Alliance. A light breakfast will be provided.

Readings

To prepare you for this seminar, we ask only that you familiarize yourself with the following organizations, as we will meet with key leaders of these organizations throughout the seminar:

The Pinelands Preservation Alliance: <http://www.pinelandsalliance.org/>

The New Jersey Department of Environmental Protection: <https://www.nj.gov/dep/climatechange/>

NJ Audubon Society: <http://www.njaudubon.org/>

Pinelands Adventures: <http://www.pinelandsadventures.org/>

Atlantic County Utilities Authority: <http://www.acua.com/>

Schedule for Thursday and Friday

This month's discussions and site visits will expose you to many sides of environmental policy including land preservation, the balance between human use and environmental conservation, green building design, and other key topics. **For Thursday, when we will be both in canoes and taking nature walks in the Pinelands for much of the afternoon, we encourage you to dress casually and be prepared to get wet!** Shorts, t-shirts, water shoes, etc. are perfectly acceptable attire for Thursday.

We will be holding a networking reception Thursday evening at the Society Club at the Borgata in Atlantic City; business casual dress is acceptable. Dress for Friday is also business casual.

The purpose of the Pinelands experience on Thursday and the site visits on Friday is to expose you, firsthand, to the Pinelands and estuary sanctuaries. Experts will be available throughout these sessions to discuss some of the history, legislation, as well as the future of these fragile habitats.

Thank you and we will see you all on **Thursday, September 12 at 9:00 AM** at the Pinelands Preservation Alliance.
