RE: Seminar on Human Services and Health Care Policy
Friday October 2nd, 2020

We have a full day planned on Friday October 2nd, 2020. We convene at 9:00 AM at Duke Farms in Hillsborough, New Jersey, where we'll hear about various issues in the health and human services field, both COVID-19 related topics and health and human services policies and initiatives in place throughout New Jersey. We will also learn about Duke Farms' history and sustainability initiatives during a walking tour of the grounds in the afternoon.

Dress is business casual, with comfortable footwear appropriate for our walking tour and weather-appropriate clothing in case of rain.

As we have done with our in-person seminars the past few months, we will be convening outdoors for the day and will have critical social distancing measures in place to ensure everyone's safety and well-being. Masks must be worn throughout the day, social distancing will be observed for restroom access (indoors), and hand sanitizer and extra masks will be available to attendees.

Most importantly, please do not attend if you have a fever, cough, or are exhibiting any other symptoms of COVID-19 or if you or a member of your household has been knowingly exposed to someone with COVID-19.
