

Dennis C. Miller

Revitalizing your nonprofit board

I am pleased to announce the opening of searches for three key positions at [Make-A-Wish New Jersey \(MAWNJ\)](#): [Chief Operating Officer](#), [Director of Planned and Major Gifts](#), and [Director of Database Information Technology](#). I am inviting applications as well as nominations of talented and experienced individuals to fill essential roles at an extraordinary and dynamic organization.

Led by President & CEO [Tom Weatherall](#), MAWNJ is headquartered in the Samuel & Josephine Plumeri Wishing Place in Monroe Township. This 20,000 square-foot facility is the only one of its kind - a magical environment free of limitations, confinement, and stress where seriously ill children can experience the imaginative possibilities of a wish.

MAWNJ, one of the largest and most well-established Make-A-Wish® chapters in the United States, has granted more than 9,000 wishes since opening its doors in 1983. The reality, however, is that for every wish that is fulfilled, several more children await their turn. MAWNJ's board and executive leadership, as well as the entire corps of 28 staff members and hundreds of volunteers, are deeply committed to expanding the organization's wish-granting capability so that every New Jersey child who battles a life-threatening condition has the chance to receive their most heartfelt wish.

Click on the titles below for complete job profiles and applicant requirements:

[**Chief Operating Officer**](#)

[**Director of Planned and Major Gifts**](#)

[**Director of Database Information Technology**](#)

Qualified candidates or nominations are encouraged to send a resume and cover letter (including salary history) to Michele Hickey at michele@dennismiller.com.

I look forward to your submissions.

Sincerely,

Dennis C. Miller
